COMMUNICATION

The European Patent Office herewith transmits

- ☒ the European search report
- ☐ the declaration under Rule 45 EPC
- ☐ the partial European search report under Rule 45 EPC
- ☐ the supplementary European search report concerning the international application under Article 157(2) EPC relating to the above-mentioned European patent application. Copies of the documents cited in the search report are enclosed.

The following specifications given by the applicant have been approved by the Search Division :

- ☐ Abstract ☒ Title ☒ Figure
- ☒ The abstract was modified by the Search Division and the definitive text is attached to this communication.
- ☐ The following figure will be published with the abstract, since the Search Division considers that it better characterises the invention than the one indicated by the applicant.

ABSTRACT / ZUSAMMENFASSUNG / ABREGE

02021022.5

The invention relates to a sealable packaging container (1) comprising a packaging tray (2) and a packaging lid (3) each having a circumferential area and wherein the area of the lid is larger than the area of the tray (4). The invention further relates to a packaging machine (10) having an upper part (11) and a lower part (12) arranged vertically moveable against each other and means for opening, evacuating and sealing a packaging container (1). Finally the invention relates to a method of sealing a packaging container (1) in this packaging machine (10).

CLAIMS INCURRING FEES

The present European patent application comprised at the time of filing more than ten claims.

- ☐ Only part of the claims have been paid within the prescribed time limit. The present European search report has been drawn up for the first ten claims and for those claims for which claims fees have been paid, namely claim(s):
- ☐ No claims fees have been paid within the prescribed time limit. The present European search report has been drawn up for the first ten claims.

LACK OF UNITY OF INVENTION

The Search Division considers that the present European patent application does not comply with the requirements of unity of invention and relates to several inventions or groups of inventions, namely:

see sheet B

- ☒ All further search fees have been paid within the fixed time limit. The present European search report has been drawn up for all claims.
- ☐ As all searchable claims could be searched without effort justifying an additional fee, the Search Division did not invite payment of any additional fee.
- ☐ Only part of the further search fees have been paid within the fixed time limit. The present European search report has been drawn up for those parts of the European patent application which relate to the inventions in respect of which search fees have been paid, namely claims:
- ☐ None of the further search fees have been paid within the fixed time limit. The present European search report has been drawn up for those parts of the European patent application which relate to the invention first mentioned in the claims, namely claims:

The Search Division considers that the present European patent application does not comply with the requirements of unity of invention and relates to several inventions or groups of inventions, namely:

1. Claims: 1-6

Subject I (claims 1-6) relates to a sealable packaging container.

2. Claims: 7-13

Subject II (claims 7-13) relates to a packaging machine having an upper part and a lower part arranged vertically moveable against each other.

3. Claim : 14

Subject III (claim 14) relates to a method of sealing a sealable container which comprises a lid and a tray.
